PRIMEFIT's **HIGH FLOW** Couplers and Plugs offer over 50% higher airflow than standard 1/4" body quick-connect fittings. Ideal for use with HVLP spray guns and other tools to maximize tool performance. Unlike other brands that use aluminum construction, Primefit uses steel construction for our high flow couplers and plugs for significantly longer life.

PUSH-TO-CONNECT Air Fittings

PRIMEFIT's **PUSH-TO-CONNECT** Air Fittings program offers an easy to install fixed 1/2" air tubing system. This system maximizes airflow using 1/2" inside diameter nylon tubing, and easy to connect and disconnect construction fittings. This program is ideal for garages and workshops where air needs to be permanently routed to various locations and drop points.
